

8: Estimating Products

Round each to the nearest tens and then multiply

81×45 is approximately _____

Round each to the nearest tens and then multiply

16×31 is approximately _____

Round each to the nearest tens and then multiply

73×29 is approximately _____

Round each to the nearest hundreds and then multiply

193×380 is approximately _____

8: Estimating Products

Round each to the nearest tens and then multiply

81×45 is approximately 400
 $\uparrow \quad \uparrow$
 80×50

Round each to the nearest tens and then multiply

16×31 is approximately 600
 $\uparrow \quad \uparrow$
 20×30

Round each to the nearest tens and then multiply

73×29 is approximately 2100
 $\uparrow \quad \uparrow$
 70×30

Round each to the nearest hundreds and then multiply

193×380 is approximately 80000
 $\uparrow \quad \uparrow$
 200×400
